Psychology

Social Care

Radiography

Paramedic Science

Ecology

We offer an e-mentoring session for students aged 14-19 where you get matched with someone who is either studying, or working in Life Sciences who will be able to provide you with advice & support on your future career path based on their knowledge, skills and experience.

For more information on our e-mentoring go to our website
themullanyfund.org/what-we-do/ementoring-11-project/student-introduction/

Summer session - 11th of May until the 3rd of July 2020

All sign ups must be done by Monday the 4th of May 2020 to be included.
