26<sup>th</sup> May 2021

Dear Parents,

I am writing to you with regards to parking around the school at drop off and collection times.

You may have seen an increased presence of officers around your school over the past few weeks. This is in response to a number of complaints that we have received from local residents around the parking of vehicles.

We fully understand that there is limited parking at the school and the layout of the surrounding roads makes the situation awkward, however there are plenty of places to park. It may mean that you have to walk slightly further than you make like. We ask you to bear the following points in mind when you park your car.

- Please do not park across a driveway. It prevents residents from leaving their house or returning home. They don't know that you are 'only going to be five minutes' and is very inconsiderate.
- Please do not park on the yellow zig zag lines or double yellow lines. These are there for a reason for the safety of those at the school. You could be fined if you park here.
- Please do not park on the pavement. The pavement is for pedestrians ONLY. If you cannot park entirely on the road without causing disruption to traffic then you should consider whether it is appropriate to park at that point. Remember that there are lots of parents walking with buggies with children walking alongside. Parking on the pavement may mean that they may have to walk on the road to pass your car. You could be fined for obstructing the pavement.
- Please do not drop your child off within the school gates. It has been brought to our attention that there was an incident in a local school whereby a child was nearly knocked down by a vehicle that was reversing after having dropped a child off at the school gates.

We will continue to monitor the situation and you will see us in the area over the coming weeks. We do not want to be issuing any fines. Wrexham council enforcement officers may also attend on occasions.

If the situation continues as it has been then this may be a decision that we have to take.

Our aim to ensure that you and your children can get to school safely and that disruption to local residents is kept to a minimum.

We thank you for your support in this matter,

Rhosddu and Acton
